

Avisabor[®]

Reinventing the concept of flavour

Avisabor offers us new flavours, helping to build the personality of the new consumer with a global identity who seeks to establish a link with other cultures through new connections, largely determined by the food we eat, and more specifically by its flavours.

- Solutions for all sectors of the food industry.
- Flavour development using natural ingredients.
- 360° flavour ecosystem; traditional and ethnic flavours.
- Spices are the basis of our creations.

Benefits

- Development of a customised flavour architecture.
- Glutamate-free final product.
- Availability of original flavours, without market presence.
- Clean and natural labelling.
- Can be used in water or oil base.

Some of our solutions:

- Avisabor® Shish
- Avisabor® Asian Yellow Sausage
- Avisabor® Red African Sausage
- Avisabor® Shawarma
- Avisabor® Game
