

Coloravi®

Identity and purity using colour

The Coloravi® line offers a range of innovative colouring solutions, that can build and precisely define the visual identity of the final product, conveying all its essence and appeal.

- Development of customised colour mixtures.
- Available in different formats: powder and liquid.
- Natural and synthetic colouring agents.

Benefits

- Elimination of synthetic dyes with E-numbers
- Incorporation of natural solutions into the final product.
- Development of our own innovative range of colour.
